- **Saves Time And Money**

Many parts in this filler are disassembled easily with no tools, reducing the time spent on cleaning and maintenance cost.

- **Hygienic**

Anodized aluminum and stainless steel construction; making it hygienic, corrosion resistant, easy to clean, allowing for an excellent presentation.

- **Long Life With Minimum Maintenance**

Ideal for long hours of continuous work thanks to its pump with permanently lubricated gears system

Easy to move

A lifting handle and two wheels make the Torrey Hydraulic filler easily maneuvered around the working area for translation or cleaning.

Diversity of products

Easy exchange of funnels for a wide variety of sleeves.

Adjustable pressure

Pressure control is easy to operate and accessible for users

Deep cleaning

Unique detachable cylinder without using a tool, this for easy cleaning.

Ergonomic design

The ergonomic knee lever allows the operation of the equipment without the use of hands

Variety of accessories

Three different funnel sizes for a variety of covers and multiple types of sausages.
