HYGIENE AND QUALITY.

Excellent presentation on hygiene and quality, as this equipment is stainless steel construction which make it more hygienic and resistant.

SAVE TIME AND MONEY

Designed for one person to operate on a safe and easy way.

BUILT FOR HEAVY DUTY

Thanks to its 7.5 HP Motor and pulleys, that provide extra power for long working hours.

HIGH PRODUCTION VOLUME

Its high grinding capacity of more than 30 kg/min (1.8 Tons per hour) makes it ideal for butchers, supermarkets, industrial kitchens, etc

GREAT CAPACITY

Hopper container of 110 lbs capacity.

FOOTSWITCH CONTROL (OPTIONAL)

A heavy-duty foot switch control –upon request- reduces significantly time spent while operating.

EASY TO CARRY

It has 4 wheels, 2 swivel with breaks(front) and 2 still,which facilitate the task to move the equipment from one place to another.

SAFETY

Integrated with electromagnetic sensor stops the motor automatically when lid is open.

REMOVABLE WITHOUT TOOL

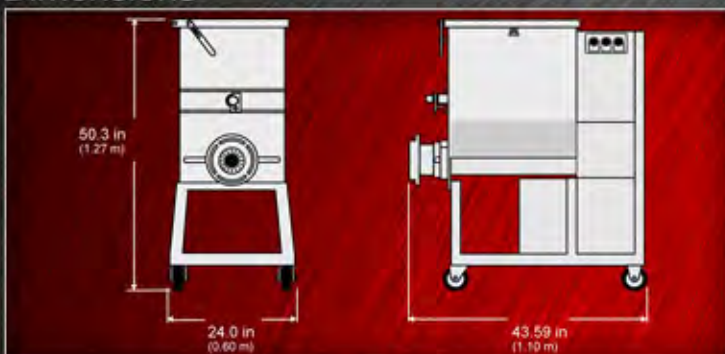

Disarms blades and grinding unit in a fast and easy way without using tools.

EASY TO CLEAN

Running water washable thanks to the hermetically sealed construction (motor included).
